

Summer Math Expectations

All students must:

1. Join the correct Khan Academy class using the code below.
2. Complete the Course Challenge for their upcoming math course.
3. If they score below 70%, they should complete the recommended practice provided by Khan Academy to improve their mastery.

We recommend students spend 20–30 minutes, 2–3 times per week until the challenge and follow-up practice are complete.

Class Codes & Assignments by Math Level for next school year

➤ Entering 7th Grade Math

- Visit: www.khanacademy.org/join
- Class Code: W2VDPMV8
- Assignment: Complete the *Course Challenge* for Get Ready for 7th Grade Math

➤ Entering 8th Grade Math

- Visit: www.khanacademy.org/join
- Class Code: H4APXNK6
- Assignment: Complete the *Course Challenge* for Get Ready for 8th Grade Math

➤ Entering Algebra 1

- Visit: www.khanacademy.org/join
- Class Code: B935EWEV
- Assignment: Complete the *Course Challenge* for Get Ready for Algebra 1

➤ Entering Geometry

- Visit: www.khanacademy.org/join
- Class Code: ZC64T8VT
- Assignment: Complete the *Course Challenge* for Get Ready for Geometry

➤ Entering Algebra 2

- Visit: www.khanacademy.org/join
- Class Code: P4WM9QK5
- Assignment: Complete the *Course Challenge* for Get Ready for Algebra 2

➤ Entering Precalculus

- Visit: www.khanacademy.org/join
- Class Code: YFHXQ5PU
- Assignment: Complete the *Course Challenge* for Get Ready for Precalculus
